

Hi, my dear friend of the Rallye-Team,

as our journey leads us through a few „poor“ regions, we have just thought about filling all the empty spaces in the car with clothing and other important things and about delivering them on the spot. To be looking for the suitable addressee, we came upon the following address „[www.kinderhilfe-litauen.de](http://www.kinderhilfe-litauen.de)“ and got in touch with Eva and Sven Klingenberg, who lead this organization in order to make clear how, where and which things are needed and where we can hand them over.

Eva and Sven are delighted by our idea and have told us the following:

Dear Rallye-Teams,

in front of you, there is a wonderful and exciting journey/trip, on which you will meet a lot of nice and interesting people. Some of them live in Lithuania.

Since many of them can't live as well as we can and do we, the „Kinderhilfe Litauen/Children's Aid Lithuania“, have been trying for 25 years now to bring joy to Lithuania. We are extremely delighted about each of you, who wants to support us.

### **Address to turn to: Kaunas**

Especially important for us is the special school in Kaunas – Kauno Specialioji Mokykla (I know, this means a little detour, but it's worth while): the about 140 mostly handicapped children and teenagers (age 7-18) are living in a big, old and very dreary and dull residential area. Since a few months, Darius Grieze is the headmaster and he is heavily involved in supporting „his“ children and in renovating the school.

If there's a little space in your cars, please fill every crack with hygienic articles, shower gels, crayons, things to do handicraft, gluesticks, sweets, cuddly toys, music instruments and everything else, which brings joy to children between age 7 and age 18.

### **Address to turn to: Klaipeda**

In Klaipeda, not too long ago, we have got to know a really great, active and socially committed lady: Zivile Knabikiene. She is the manager of the local Green Park Hotel (a great address for all of you, who don't want to spend the night in a cold car). This hotel is also a meeting point. Mrs. Knabikiene transports the needed things to the different organizations in and around Klaipeda, e. g. Institutions, that are looking after the children of socially weak families/alcoholics and sick people, single mothers with children... If there should be any space in your cars left, please fill every little crack with helpful things for young and old people, because Mrs. Knabikiene can give the things to those, who really need help.

Necessary articles are things to fight incontinence, things for the care of the body, toys, things to do handicraft, sweets, things needed by school boys and girls and many more things, that bring joy to the people.

**Branding for your Rallye-Team and Rallye-Vehicles:**

If needed, you can find the logo of „Kinderhilfe Litauen“ (e.g. for stickers) on the following website. In case, please just download it.

**Registration:**

About 100 teams take part in the BSC Winter and about 250 teams in the BSC Summertour and all of them go more or less the same way. That's why every team will fly at almost the same time through Lithuania. It would be great, if you could announce your presumable arrival before the start of the rallye, so that Eva's team in Kaunas or Klaipeda could welcome you and say thank to you. Please give your team-name, your names, your probable time of arrival via email to the place of your choice ([kaunas@kinderhilfe-litauen.de](mailto:kaunas@kinderhilfe-litauen.de) or [klaipeda@kinderhilfe-litauen.de](mailto:klaipeda@kinderhilfe-litauen.de)) and if you already know, what you want to take with you.

If there are more questions, please contact Eva Klingenberg... and please remember, Eva has got a job, too, and she does this „Kinderhilfe Litauen-Project“ honorarily because it is a matter very close to her heart.

Eva's main job is being a stewardess, so if she's on duty, she can't be reached so easily. In case, just leave a message and she'll try to call back or answer your email.

We wish you a wonderful, fulfilling and above all accident-free trip full of special experiences and encounters and are looking forward to welcoming you in Kaunas and Klaipeda in beautiful Lithuania.

Kind regards

Eva and Sven Klingenberg
